

MISD Athletic Safety Severe Weather Conditions

This handbook is to provide coaches and administrators guidelines in case of severe weather conditions. Severe weather and emergency situations may arise at any time during athletic events. Since weather is unpredictable, you can never give exact guidelines. Good common sense should also be utilized. Severe weather is defined as any weather related situation requiring all athletes and spectators to move to safe shelter. Expedient action must be taken in order to prevent life threatening conditions. Student safety is a priority over the completion of an athletic event.

Coaches and administrators are advised to review the following guidelines in order to be prepared should a severe weather situation arise.

Athletic Safety and Compliance Coordinators

William “Hondo” Schneider

Lightning Safety Policy

1. Establish a chain of command that identifies who is to make the call to remove individuals from the field.
2. Name a designated weather watcher (A person who actively looks for the signs of threatening weather and notifies the chain of command if severe weather becomes dangerous).
3. Have a means of monitoring local weather forecasts and warnings.
4. Designate a safe shelter for each venue. See examples below.
5. Use the Flash-to-Bang count to determine when to go to safety. By the time the flash-to-bang count approaches thirty seconds all individuals should be already inside a safe structure. See method of determining Flash-to-Bang count below.
6. Once activities have been suspended, wait at least thirty minutes following the last sound of thunder or lightning flash prior to resuming an activity or returning outdoors.
7. Avoid being the highest point in an open field, in contact with, or proximity to the highest point, as well as being on the open water. Do not take shelter under or near trees, flagpoles, or light poles.
8. Assume that lightning safe position (crouched on the ground weight on the balls of the feet, feet together, head lowered, and ears covered) for individuals who feel their hair stand on end, skin tingle, or hear "crackling" noises. Do not lie flat on the ground.
9. Observe the following basic first aid procedures in managing victims of a lightning strike:
 - Activate local EMS
 - Lightning victims do not "carry a charge" and are safe to touch.
 - If necessary, move the victim with care to a safer location.
 - Evaluate airway, breathing, and circulation, and begin CPR if necessary.
 - Evaluate and treat for hypothermia, shock, fractures, and/or burns.
10. All individuals have the right to leave an athletic site in order to seek a safe structure if the person feels in danger of impending lightning activity, without fear of repercussions or penalty from anyone.

Safe Shelter:

A safe location is any substantial, frequently inhabited building. The building should have four solid walls (not a dug out), electrical and telephone wiring, as well as plumbing, all of which aid in grounding a structure.

1. The secondary choice for a safer location from the lightning hazard is a fully enclosed vehicle with a metal roof and the windows completely closed. It is important to not touch any part of the metal framework of the vehicle while inside it during ongoing thunderstorms.
2. It is not safe to shower, bathe, or talk on landline phones while inside of a safe shelter during thunderstorms (cell phones are ok).

Flash-to-Bang:

To use the flash-to-bang method, begin counting when sighting a lightning flash. Counting is stopped when the associated bang (thunder) is heard. Divide this count by five to determine the distance to the lightning flash (in miles). For example, a flash-to-bang count of thirty seconds equates to a distance of six miles. Lightning has struck from as far away as 10 miles from the storm center.

Suggested Lightning Apps:

Weatherbug

Severe Weather Chain of Command

If in attendance, the Athletic Trainer will assume the role as designated weather watcher.

The Athletic Trainer will communicate information to the Head Game Official, Head Coach and Game Administrator.

Once the contest starts, the game official is responsible for the decision and has the authority to suspend an event. If there is not a game official, the Athletic Trainer will have the authority to suspend an event. (practice or game).

School administrators will aid in the monitoring of the weather.

If the Athletic Trainer is not in attendance, the head coach will assign a staff person to be the weather watcher.

If a contest is suspended due to weather, the head coach is responsible to notify MISD Athletic Administration.

MISD Staff Responsibilities:

- Have cell phone available on field in case of emergency
- Designate staff person to meet and direct EMS to scene of emergency
- Have gate keys available in case of emergency
- Accompany any injured student or district personnel to the hospital
- Notify parents, guardians or next of kin
- Inform administration
- Provide medical history when available
- Complete appropriate documentation
-

MISD Police and Administrators must maintain that emergency entrances open and clear of obstructions during games.

MISD Cold Weather Guidelines for Outdoor Athletic Practice

The health and safety of our students and staff members is the primary concern of all decisions that is made in regards to practicing in extreme cold. Head Coaches must use good judgment when making decisions about practicing outdoors in extremely cold weather. The following guidelines have been established in order to provide a safe and healthy environment for our students that are participating in outdoor activities. *It is the responsibility of all coaches to ensure these guidelines are being followed.* Please be aware that some athletes may be more susceptible to cold exposure. Some sports are more active than others. Coaches must take into consideration athletes that are very active during practice versus those that are standing around. Athletes should be dressed in warm ups with extremities covered. Gloves and head covers are recommended when applicable.

High School

Wind Chill @ or below 30 degrees with no precipitation: Athletes may stay outside for 45 mins with a 10 min recovery / warm up inside

Wind Chill @ or below 32 degrees with precipitation: Athletes may stay outside for 30 mins with 10 min warm up inside / must have dry cloths to go back outside

Wind Chill @ 15 - 20 degrees with no precipitation: Athletes may stay outside for 30 mins with 10 min recovery / warm up inside

Wind Chill @ or below 25 degrees with precipitation: All practices will be inside

Wind Chill @ or below 15 degrees: All practices will be inside

Junior High

Wind Chill @ or below 32 degrees: All practices will be inside

Wind Chill @ or below 38 degrees with precipitation: All practices will be inside

Midland ISD Police

432 240-1050

Abell Junior High School

1. Call 911 to activate EMS
2. Request EMS personnel to: 3201 Heritage Blvd.
3. “We have an injured person that needs emergency treatment”
4. Provide EMS the following information:
 - a. Name of person calling
 - b. Number of victims and their condition
 - c. First aid treatment initiated
 - d. Specific information to locate emergency scene:
Football fields: south side of campus
Gym: proceed to entrance on east side of campus

Lightning

The UIL Lightning Safety policy will be followed.

If severe weather and / or lightning are detected, an announcement will be made to clear the fields and proceed to safe shelter.

Safe Shelter will be:

- Main School building
- Portable Storage Building
- Team Buses
- Spectator vehicles

Athletes and coaches will proceed to the main building. Abell coaches will accommodate an area for visiting teams and coaches.

Spectators must be advised to clear the fields and proceed to safe shelter.

Tornado Warning / Alert

In the event of a tornado alert, an announcement will be made to clear the fields and proceed to safe shelter.

Evacuate the outside area as soon as a tornado warning has been issued for Midland County.

Coaches will escort all athletes to the locker rooms and follow the school’s emergency weather protocol.

Spectators will be advised to move to safe shelter. The main building will be made available if necessary.

AED Location: Northwest section of commons area (Cafeteria area).

Notes:

- A staff member should accompany any student-athlete or district personnel to hospital
- Parents, guardians, or next of kin should be notified immediately
- Inform administration
- Have medical history available
- Complete appropriate documentation

Alamo Junior High School

1. Call 911 to activate EMS
2. Request EMS personnel to: 3800 W. Storey
3. "We have an injured person that needs emergency treatment"
4. Provide EMS the following information:
 - a. Name of person calling
 - b. Number of victims and their condition
 - c. First aid treatment initiated
 - d. Specific directions to locate scene:
Football Fields: on north side of campus
Gymnasium: proceed to main entrance

Lightning

The UIL Lightning Safety policy will be followed.

If severe weather and / or lightning are detected, an announcement will be made to clear the fields and proceed to safe shelter.

Safe Shelter will be:

Inside Main Building

Team Buses

Spectator Vehicles

Athletes and coaches will proceed to the main building. Alamo Coaches will accommodate all visiting teams and coaches.

Spectators must clear the fields and proceed to safe shelter.

Tornado

In the event of a tornado alert, an announcement will be made to clear the fields and proceed to safe shelter.

Evacuate the outside area as soon as a tornado warning has been issued for Midland County. Coaches will escort all athletes to the locker rooms and follow the school's emergency weather protocol.

Spectators will be advised to move to safe shelter. The main building will be made available if necessary.

AED Location: By the doors going outside, right by the cafeteria. Just off the patio in main building.

Notes:

- A staff member should accompany any student-athlete or district personnel to hospital
- Parents, guardians, or next of kin should be notified immediately
- Inform administration
- Have medical history available
- Complete appropriate documentation

Boneyard-Midland High School

1. Call 911 to activate EMS system
2. Request EMS personnel to: 500 W. Loop 250
3. “We have an injured person that needs emergency treatment. “
4. Provide EMS the following information:
 - a. Name of person calling
 - b. Number of victims and their condition
 - c. First aid treatment initiated
 - d. Specific directions to locate scene: Proceed to west entrance by main building

Lightning

The UIL Lightning Safety policy will be followed.

If bad weather and / or lightning are detected, an announcement will be made to clear the fields and bleachers.

Safe Shelter will be:

Restrooms

Buses

Personal vehicles

Players, coaches, and/or cheerleaders will be directed to the field house.

Dugouts are not considered safe shelter.

Tornado Warning / Alert

In the event of a tornado alert, an announcement will be made to clear the field and bleachers.

Safe Shelter will be:

Field house

Restrooms

Coaches, administrators, and MISD Police will escort and monitor the players, spectators, and officials to the field house and have them proceed to the locker rooms, weight room, and coaches' offices for safe shelter.

AED Location: Inside the storage room which is located the concession stand building (yellow building).

Notes:

- A staff member should accompany any student-athlete or district personnel to hospital
- Parents, guardians, or next of kin should be notified immediately
- Inform administration
- Have medical history available
- Complete appropriate documentation

Bush Tennis Center

1. Call 911 to activate EMS system
2. Request EMS personnel to: ***Bush Tennis Center 5700 Briarwood Drive***
3. “We have an injured person that needs emergency treatment. “
4. Provide EMS the following information:
 - a. Name of person calling
 - b. Number of victims and their condition
 - c. First aid treatment initiated
 - d. Specific directions to locate scene: Ambulance will enter on the west side of the center through the double gate

Lightning

The UIL Lightning Safety policy will be followed.

If bad weather and /or lightning are detected, an announcement will be made to clear the courts and proceed to safe shelter.

Safe Shelter will be:

- Rest Rooms
- Main Office
- Dressing Rooms
- Team Buses
- Personnel Vehicles

Athletes and Coaches will proceed to the Dressing Rooms. Lee Coaches will provide areas for visiting teams.

Spectators will be advised to clear the stands and proceed to safe shelter.

Under the stands is not considered safe shelter.

Spectators may proceed to the main office, rest rooms or their personal vehicles.

Tornado Warning / Alert

In the event of a tornado alert, an announcement will be made to clear the courts and proceed to safe shelter.

Safe Shelter will be:

- Main Office
- Rest Rooms
- Storage Rooms

All athletes and coaches will proceed to the rest rooms or main office.

Dressing rooms are not considered safe shelter.

Spectators will need to proceed to the rest rooms, main office or storage rooms. LHS and Bush Tennis Center Personnel will provide areas of safe shelter for spectators.

AED Location: Main Office.

Notes:

- A staff member should accompany any student-athlete or district personnel to hospital
- Parents, guardians, or next of kin should be notified immediately
- Inform administration
- Have medical history available
- Complete appropriate documentation

Midland College-Chaparral Center

1. Call 911 to activate EMS system
2. Request EMS personnel to: 3600 N. Garfield
3. “We have an injured person that needs emergency treatment. “
4. Provide EMS the following information:
 - Name of person calling
 - Number of victims and their condition
 - First aid treatment initiated
 - Specific directions to locate scene, on the court injury: Ramp entrance on south side of Chap Center
 - Off court injury: proceed to specific gate number as notified

Tornado Warning / Alert

In the event of a tornado alert, an announcement will be made to clear the field and bleachers.
Safe Shelter will be:

Restrooms
Hallways (tunnels) underneath bleachers
Locker rooms

AED Location: In the secretary’s office by southeast entrance to Chap Center.

Notes:

- A staff member should accompany any student-athlete or district personnel to hospital
- Parents, guardians, or next of kin should be notified immediately
- Inform administration
- Have medical history available
- Complete appropriate documentation

Christensen Stadium

1. Call 911 to activate EMS system
2. Request EMS personnel to: Intersection of Loop 250 and Lamesa Rd.
3. “We have an injured person that needs emergency treatment. “
4. Provide EMS the following information:
 - a. Name of person calling
 - b. Number of victims and their condition
 - c. First aid treatment initiated
 - d. Specific directions to locate scene: Main entrance behind press box

Lightning

The UIL Lightning Safety policy will be followed.

If bad weather and / or lightning are detected, an announcement will be made to clear the field and stadium and proceed to safe shelter.

Safe Shelter will be:

Team Buses

Spectator’s vehicles

Dugouts are not considered safe shelter.

Spectators will be advised to clear the stands / bleachers.

Under the stands is not considered safe shelter.

Spectators may proceed to their vehicles.

Tornado Warning / Alert

In the event of a tornado alert, an announcement will be made to clear the stadium and proceed to safe shelter.

Safe Shelter will be:

Evacuate the premises as soon as a tornado warning has been issued for Midland County.

Spectators will be asked to leave by using the means they arrived.

Coaches and athletes will proceed to their respective buses and return to their campuses ASAP.

Due to the unavailability of safe shelter at this facility, an early decision regarding evacuation must be made prudently.

AED Location: There is not an AED at Christensen, unless an MISD athletic trainer is present.

Notes:

- A staff member should accompany any student-athlete or district personnel to hospital
- Parents, guardians, or next of kin should be notified immediately
- Inform administration
- Have medical history available
- Complete appropriate documentation

COM Aquatic Center

1. Call 911 to activate EMS system
2. Request EMS personnel to: COM, 3003 N. A St.
3. “We have an injured person that needs emergency treatment. “
4. Provide EMS the following information:
 - a. Name of person calling
 - b. Number of victims and their condition
 - c. First aid treatment initiated
 - d. Specific directions to locate scene: caller to determine at scene

Lightning

The UIL Lightning Safety policy will be followed.

If bad weather and / or lightning are detected, an announcement will be made to clear the pool (s).

Safe Shelter will be:

Bleachers

Any area out of pool

Tornado Warning / Alert

In the event of a tornado alert, an announcement will be made to vacate the pool (s) and bleachers.

Safe Shelter will be:

Any room other than bleachers or pool areas.

Proceed to restrooms, office area, any enclosed area away from doors and windows.

AED Location: Front office and physical therapy center.

Notes:

- A staff member should accompany any student-athlete or district personnel to hospital
- Parents, guardians, or next of kin should be notified immediately
- Inform administration
- Have medical history available
- Complete appropriate documentation

Ernie Johnson Lee High School Baseball Field

1. Call 911 to activate EMS system
2. Request EMS person to: Lee High School Baseball Field
3. "We have an injured person that needs emergency treatment. "
4. Provide EMS the following information:
 - a. Name of person calling
 - b. Number of victims and their condition
 - c. First aid treatment initiated
 - d. Specific directions to locate scene: *west side of Lee High School campus on Godfrey Street between Shandon Street and Neely Drive*

Lightning

The UIL Lightning Safety policy will be followed.

If bad weather and / or lightning are detected, an announcement will be made to clear the field and stadium and proceed to safe shelter.

Safe Shelter will be:

- Baseball field house
- Inside Concession building
- Team Buses
- Hitting barn with doors closed
- Spectator's vehicles

Athletes and coaches will proceed to baseball field house and hitting barn. Lee Coaches will designate an area for the visiting team and coaches. Dugouts are not considered safe shelter. Spectators must be advised to clear the stands / bleachers.

Under the stands is not considered safe shelter.

Spectators may proceed to their vehicles or other safe shelter.

Tornado Warning / Alert

In the event of a tornado alert, an announcement will be made to clear the stadium and proceed to safe shelter.

All athletes and coaches will proceed to the field house. Lee coaches will designate an area for the visiting team.

Spectators will be advised to clear the stands / bleachers and proceed to the main school building. MISD Police, MISD Administrator or an assistant coach will unlock school main building area H for spectators.

The hitting barn is not considered a safe area.

AED Location: Football Field House or Athletic Trainer Mobile Unit.

Notes:

- A staff member should accompany any student-athlete or district personnel to hospital
- Parents, guardians, or next of kin should be notified immediately
- Inform administration
- Have medical history available
- Complete appropriate documentation

Grande Communications Stadium

1. Call 911 to activate EMS system
2. Request EMS personnel to: 718 Tradewinds Blvd.
3. “We have an injured person that needs emergency treatment. “
4. Provide EMS the following information:
 - a. Name of person calling
 - b. Number of victims and their condition
 - c. First aid treatment initiated
 - d. Specific directions to locate scene, on field: Proceed to northeast ramp entrance of stadium. Off field: proceed to gate entrance as notified.

Lightning

The UIL Lightning Safety policy will be followed.

If bad weather and / or lightning are detected, an announcement will be made to clear the fields and bleachers.

Safe Shelter will be:

Restrooms

Buses

Personal vehicles

Players, coaches, and officials will be directed to the field house.

Tornado Warning / Alert

In the event of a tornado alert, an announcement will be made to clear the field and bleachers.

Safe Shelter will be:

Field house

Restrooms

Concession stand rooms if available

Coaches, players and officials will proceed to the field house for safe shelter.

Evacuate the premises as soon as a tornado warning has been issued for Midland County.

Spectators will be asked to leave by using the means they arrived.

Coaches and athletes will proceed to their respective buses and return to their campuses ASAP.

AED Location: An MISD athletic trainer is responsible for having an AED at the game. In the event an athletic trainer is not there, an AED is located in the first aid room underneath the west bleachers, just west of the elevator entrance.

Notes:

- A staff member should accompany any student-athlete or district personnel to hospital
- Parents, guardians, or next of kin should be notified immediately
- Inform administration
- Have medical history available
- Complete appropriate documentation

Greentree Country Club

1. Call 911 to activate EMS system
2. Request EMS personnel to: 4900 Greentree Blvd
3. “We have an injured person that needs emergency treatment. “
4. Provide EMS the following information:
 - e. Name of person calling
 - f. Number of victims and their condition
 - g. First aid treatment initiated
 - h. Specific directions to locate scene: Report to Club House for direction

Lightning

The UIL Lightning Safety policy will be followed.

If bad weather and / or lightning are detected, an announcement will be made to clear the field and proceed to safe shelter.

Safe Shelter will be:

- Team Buses
- Spectator’s vehicles
- Restrooms
- Clubhouse

Tornado Warning / Alert

In the event of a tornado alert, an announcement will be made to clear the field or gym and proceed to safe shelter.

Safe Shelter will be:

Evacuate the course immediately and proceed in the interior rooms of the club house.

AED Location: In the food and beverage office.

Notes:

- A staff member should accompany any student-athlete or district personnel to hospital
- Parents, guardians, or next of kin should be notified immediately
- Inform administration
- Have medical history available
- Complete appropriate documentation

Goddard Junior High School

1. Call 911 to activate EMS system
2. Request EMS personnel to: 2500 Haynes Ave.
3. “We have an injured person that needs emergency treatment. “
4. Provide EMS the following information:
 - a. Name of person calling
 - b. Number of victims and their condition
 - c. First aid treatment initiated
 - d. Specific directions to locate scene:
Football fields: Proceed to intersection of Haynes and Ward Streets.
Gymnasium: Proceed to school entrance at East parking lot

Lightning

The UIL Lightning Safety policy will be followed.

If bad weather and / or lightning are detected, an announcement will be made to clear the field and proceed to safe shelter.

Safe Shelter will be:

- Team Buses
- Spectator’s vehicles
- Spectators may utilize weight room and gym
- Athletes and Coaches will precede to locker rooms

Tornado Warning / Alert

In the event of a tornado alert, an announcement will be made to clear the field or gym and proceed to safe shelter.

Safe Shelter will be:

Evacuate the premises as soon as a tornado warning has been issued for Midland County.
Coaches will escort all athletes to locker rooms and follow the school’s emergency weather protocol.

Spectators will be asked to leave by using the means they arrived or the main building will be made available if necessary by an administrator.

The visiting team will load their buses and depart immediately. In the event their buses are not there, they will be

Escorted to main building and the administrator on duty will provide them with safe shelter.

AED Location: Inside building, in main hallway, on wall outside the entrance to the main office.

Notes:

- A staff member should accompany any student-athlete or district personnel to hospital
- Parents, guardians, or next of kin should be notified immediately
- Inform administration
- Have medical history available
- Complete appropriate documentation

Hogan Park Golf Course

1. Call 911 to activate EMS system
2. Request EMS personnel to: 3600 N. Fairgrounds Rd.
3. "We have an injured person that needs emergency treatment. "
4. Provide EMS the following information:
 - a. Name of person calling
 - b. Number of victims and their condition
 - c. First aid treatment initiated
 - d. Specific directions to locate scene: Report to Club House for direction

Lightning

The UIL Lightning Safety policy will be followed.

If bad weather and / or lightning are detected, an announcement will be made to clear the field and proceed to safe shelter.

Safe Shelter will be:

- Team Buses
- Spectator's vehicles
- Restrooms
- Clubhouse

Tornado Warning / Alert

In the event of a tornado alert, an announcement will be made to clear the field or gym and proceed to safe shelter.

Safe Shelter will be:

Evacuate the course immediately and proceed to the club house.

AED Location: There is no AED at Hogan Park Golf Course.

Notes:

- A staff member should accompany any student-athlete or district personnel to hospital
- Parents, guardians, or next of kin should be notified immediately
- Inform administration
- Have medical history available
- Complete appropriate documentation

Lee Freshman Football Practice Field

1. Call 911 to activate EMS system
2. Request EMS person to: 1400 E. Oak
3. “We have an injured person that needs emergency treatment. “
4. Provide EMS the following information:
 - a. Name of person calling
 - b. Number of victims and their condition
 - c. First aid treatment initiated
 - d. Specific directions to locate scene
 - Football Fields: **South side of campus**
 - Gymnasium: Proceed to school entrance on west side of campus

Lightning

The UIL Lightning Safety Policy will be followed.

If severe weather and / or lightning are detected, an announcement will be made to clear the field and proceed to safe shelter.

Safe Shelter will be:

- Football dressing rooms
- Main building
- Team buses
- Spectator vehicles

Athletes and coaches will proceed to the main building. Lee Freshman coaches will make sure all students are inside building in a safe area.

Spectators will be advised to clear the fields and proceed to safe shelter.

Tornado Alert

In the event of a tornado alert, an announcement will be made to clear the fields and proceed to safe shelter.

Safe Shelter will be:

- Evacuate the fields as soon as a tornado warning has been issued for Midland County
- Coaches will escort all athletes to the locker rooms and follow the school’s emergency weather protocol
- The main building will be made available for spectators if necessary

AED Location: Main building, first cross hall between the 200 and 300 rooms.

Notes:

- A staff member should accompany any student-athlete or district personnel to hospital
- Parents, guardians, or next of kin should be notified immediately
- Inform administration
- Have medical history available
- complete appropriate documentation

Lee High School Track / Football Practice Fields / Rodgers Field

1. Call 911 to activate EMS system
2. Request EMS person to:
3. “We have an injured person that needs emergency treatment. “
4. Provide EMS the following information:
 - a. Name of person calling
 - b. Number of victims and their condition
 - c. First aid treatment initiated
 - d. Specific directions to locate scene: *track and fields are located on the north east side of campus off of Tarleton Street. Direct access to fields may be obtained through double gate in the alley on north side of campus*

Lightning

The UIL Lightning Safety policy will be followed.

If bad weather and / or lightning are detected, an announcement will be made to clear the field and proceed to safe shelter.
