

What if a student gets sick?

A STEP-BY-STEP SCENARIO

Student shows COVID-19 symptoms on campus

Student given a mask (if not already wearing one)*

* Masks are required for grades 3 and up

Nurse assesses student and places them in designated isolation room

Nurse contacts parent or health care provider

Student is sent home with parent to isolate

Parent has the option to get student tested

TEST IS NEGATIVE

- ▶ Parent notifies nurse of negative test
- ▶ Parent must keep student home until they are fever free for 24 hours (without the use of medication)

TEST IS POSITIVE

- ▶ Parent alerts school nurse of positive test
- ▶ MISD Health Services contacts those who were in close contact with student (6 feet or closer for 15 minutes or more)
- ▶ District notifies notifies all campus staff and parents
- ▶ Campus disinfected and sanitized
- ▶ Public dashboard updated

NO TEST TAKEN

- ▶ Parent notifies nurse if no test taken
- ▶ Parent must keep student home until they are fever free for 24 hours (without the use of medication)
