ADMISSIONS FD (REGULATION)

VERIFICATION OF AGE

The principal must verify the age of each student enrolling in the District for the first time. If a birth certificate is not available, the principal may accept other documents as specified in the Texas Education Code as proof of a student's age.

PROOF OF RESIDENCE

At the time of registration, the parent, guardian, or other person having lawful control of the student under order of a court must present proof of residence in the District and attendance zone in the form of one or more of the following:

1. A current lease agreement.
2. A current utility bill indicating address and the adult's name.
3. Other documents as approved by the Executive Director of Administrative Services.

For a student living separate and apart from his or her parent, guardian, or other person having lawful control under order of a court, the adult District resident with whom the student resides must provide proof of residence in the same manner as a parent.

VERIFICATION OF RESIDENCE INFORMATION

District staff in charge of enrollment procedures may require additional documentation when a student's residence status is in question. Other verification of a student's residence information may be approved by the Executive Director of Administrative Services. In addition, a District attendance officer or another District employee may visually inspect/visit the residence for evidence that the student indeed lives there.

EXCEPTION

In accordance with law, the District will waive this requirement in the case of a student who is homeless. [See FD(LEGAL)]

ADMISSION INFORMATION

The District requires completion of a form containing information on each student seeking admission. If the student is not living with a parent, guardian, or other person having lawful control of the student, the District will verify the student's reason for establishing a residence separate and apart from the student's parent, guardian, or other person having lawful control of the student under order of a court.

DESIGNATION OF PERSON STANDING IN PARENTAL RELATION

The District will request that a Power of Attorney be provided for any student not currently residing with a parent or guardian. The District will establish a timeline for the completion and return of the Power of Attorney and a procedure for waiving this request when the Superintendent or designee determines that a student's circumstances preclude compliance. Generally, Powers of Attorney are not accepted for students who have a parent or guardian residing in the District.

CHILDREN UNDER 11 YEARS OF AGE

When a child under the age of 11 years old is enrolled for the first time, the District will request previous school records (or verification of previous school records if records are provided by the person enrolling the child). If the person enrolling the child does not provide the valid prior school information and a certified copy of the child's birth certificate or other reliable proof of the child's identity, the principal or designee will notify the appropriate local law enforcement agency.

FLAGGING RECORDS OF MISSING CHILDREN

School records of all children reported to the District as missing by law enforcement authorities will be flagged so that law enforcement can be notified if there is a subsequent request for those records. If a request for a flagged record is made in person, the school will require the person to fill out a form stating the person's name, address, telephone number, the relationship to the child, and the name, address, and birthdate of the child, copy the person's driver's license, and immediately notify law enforcement. When a missing child under 11 is returned and law enforcement notifies the school, the flag will be removed.

ADMISSIONS

For the purpose of this policy, “accredited” shall be defined as accreditation by TEA, An equivalent agency from another state, or an accrediting association recognized by the Commissioner.

NONACCREDITED SCHOOLS

A student enrolling in a District school from a non-accredited public, private, or parochial school, including a homeschool, shall be placed initially at the discretion of the principal, pending observation by classroom teachers, guidance personnel, and the principal. Criteria for placement may include:

2. Recommendation of the sending school.
3. Prior academic record.
4. Chronological age and social and emotional development of the student.
5. Other criteria deemed appropriate by the principal.

REPORTS

The principal must establish campus procedures for reporting child abuse or child neglect. Each employee is directed to comply with these procedures and is under independent statutory obligation to report any suspected child abuse or neglect within 48 hours of first suspecting that a child has been abused or neglected.

FIRST REPORT

An employee will make the first report of suspected abuse and/or neglect by telephone or through the Web site for the Department of Family and Protective

Services (DFPS). The principal or designee may assist the employee in the reporting process. Reports should be made to one of the following agencies:

1. Department of Family and Protective Services (DFPS) Child Protective Services (CPS) 24-hour Hotline - (800) 252-5400 Web site - <http://reportabuse.ws/>

Users will be prompted for a login and a password. The login is: professional. The password is: report1.

The Web site should not be used for reporting a life-threatening/emergency situation.

The individual should be prepared to give known family information, e.g., names of other family members and where siblings attend school.

WRITTEN REPORT

A written report may also be sent to the CPS office. Such a written report will give the name and address of the student, the name and address of the person responsible for the care of the student, if available, and any other pertinent information regarding the alleged or suspected abuse or neglect.

The principal will require the representative from CPS or other legal authority to

show identification, sign in at the office, and state the purpose of the campus visit.

The principal may request, but cannot require, that the interview be conducted in his or her presence or that of a designee, e.g., other administrator, helping teacher, counselor, or nurse. The representative from CPS or other legal authority will determine who is to be present during the interview. The principal will ensure that the interview is conducted in a place that respects the privacy and ensures the safety of the student.

STUDENT CONDUCT: DRESS CODE FNCA (REGULATION)

STANDARD ATTIRE/SCHOOL UNIFORMS

The Superintendent may approve a request to implement standard attire/school uniforms upon a recommendation from the campus principal. The principal's recommendation must include a description of the process used to obtain staff/parent input and a description of the proposed attire. The process must include meetings with the CEIC and PTA Board, along with at least one (1) general parent meeting. The Superintendent will seek final approval from the Board of Trustees as required by policy.

If approved, the campus must notify parents of the standard attire/school uniform requirements at least 90 days prior to implementation. The campus must be certain that federal and/or local funds are available for students who cannot afford to purchase the uniforms and implement procedures for students/families to request such assistance.

All campuses with school uniforms should align their requirements with other uniform campuses so that students transitioning from one campus to another may expect similar rules and utilize some of the same garments.

A parent or guardian may request that his/her child be exempted from the uniform requirement by submitting to the campus principal a written statement of a religious or philosophical objection on a form which is available at each uniform campus. The written request shall be submitted no later than August 1 of the applicable school year. If the student is not enrolled in that school as of August 1, the written request shall be submitted no later than the 10th calendar day after the date of enrollment. The Board will consider the exemption request, on the basis of the written

objection(s), at the next available Board meeting. If the Board grants the request, the student will not be required to wear the campus uniform. Alternatively, the student may be eligible for transfer to a non-uniform campus based on space availability. If the Board denies the request, the student must begin compliance with the uniform requirement no later than the 10th calendar day after the date the parent is notified of the denial. Once a request is approved or denied, such approval or denial remains in effect for the duration of the child's enrollment in any school that requires uniforms.
