

Enrollment Agreement for Junior High/Middle School (Grades 6-8)

Enhanced Academic Services Courses:

G/T Enhanced Academics/Enhanced Academics (GT-EAS/EAS) Courses

Replacing

G/T Pre-Advanced Placement/Pre-Advanced Placement (G-PreAP/PreAP) Courses

Student Name: _____
Last First MI

ID #: _____ Grade: _____ Campus: _____

The student requests placement in the following EAS course(s):

The student and parent/guardian understand and agree to the following:

1. The student may request a withdrawal from an Enhanced Academic Services course **no earlier than the 16th day and no later than the Monday following the end of the first 6th weeks** of the first semester for a one-semester or two-semester class. After the previously stated time period, a student may only exit after completing the end of the first semester of the course. To exit an EAS course within the designated time window, students must have completed the following steps:
 - Attended a minimum of 3 documented tutorial sessions
 - Attended a documented student/parent/teacher conference that included the parent and teacher signatures on the exit form.
2. The student must have an **80 first semester average in each EAS course to automatically continue** in that EAS course for the second semester. If the student *does not have an 80 average, the student and parent may sign a probationary agreement to continue in the course for the second semester until the end of the year.*
3. The student must have an **80 final average in each EAS course at the end of the year** **OR** **have a score on the relevant STAAR/EOC that “MEETS” the assessment standard to automatically continue** in the subsequent content area EAS course. If the student **meets neither the grade nor STAAR/EOC standards, the student will be exited from the EAS content area and may re-enroll by meeting the initial content area entry requirements or guidelines.**
4. **Additionally, in Math 7 GT-EAS/EAS:**
 - If the student does not have a Math 7 GT-EAS/EAS final average of 80 or higher **AND** does not “MEET” the Math 8 STAAR standards, the student will be enrolled in regular Math 8 during the subsequent school year.
 - If the student’s final average for grade 8 Algebra I EAS/GT-EAS courses is below 80 **AND** does not “MEET” the Algebra 1 EOC standards, the student will be directed to the EAS Director and the Secondary Math Director regarding subsequent year course enrollment.
5. EAS courses in all content areas are rigorous and have high expectations. Parents and students should consider the course load when registering for classes. Students may be required to participate in an AP Summer Reading Program assignment, which will be posted on the MISD website.

The standards stated in this agreement and outlined on the EAS Entry and Maintenance Standards posted on the EAS website have been explained by the counseling staff and I agree to the guidelines:

Student Signature Date

Parent/Guardian Signature Date

Counselor Signature Date
