Fall 2020 Update

In order to decrease the potential number of students traveling on a bus, licensed students will be allowed to travel to local events (Midland/Odessa) in their personal vehicles if the [Parent Travel Consent Form](#) has been completed and submitted to the coach/director/trip coordinator. MISD district transportation, in most cases, will be provided for events but will look much different than previous years.

General Guidelines

Field trips, tours, and excursions (hereinafter referred to as “trip”) require careful planning. They necessitate administrative and parental/guardian approval, suitable behavior for the occasion, and must be aligned to instructional standards as well as appropriate for the age and maturity level of the group. Students should understand the field trip and what is to be learned. As soon as possible after the trip, the teacher should, with the students, review and evaluate the objectives of the trip.

Whenever possible, students should be transported in school or chartered buses that are bonded and insured transportation carriers. In certain situations when transporting small numbers of students, vans can be used if they meet the requirements of the Transportation Code. Specific questions should be directed to the transportation department.

If rented vehicles are used, the vehicle must be insured, and the operator of the vehicle must be appropriately licensed and insured. Rented trucks can be used to transport instruments or equipment when bands/orchestras and other groups are traveling. The operator of the vehicle will ensure that the number of passengers does not exceed the designated capacity of the vehicle that each passenger is secured by a safety belt. The owner and/or the person who leases and vehicle assumes all liability. School employees who rent vehicles on behalf of the district are covered under the district insurance policy.

Students who participate in school-sponsored trips shall be required to use transportation provided by the District to and from the event, unless a licensed student has approval of the sponsor and the parent has completed the Parent Travel Consent Form found in forms below, which will be returned to the school prior to the event.

The campus administrator or instructional staff person/sponsor will determine the ratio of students per adult based on classroom/group needs. Instructional staff and chaperones are responsible for student safety and conduct while on the trip.

Field trips may be canceled at the discretion of the sponsor with prior approval of the principal for any of the following events or any other event, which could possibly jeopardize the safety, and security of the students and/or District employees including but not limited to:

- A. Unsafe conditions
- B. Lack of funds
- C. Natural disasters
- D. Travel advisories issued for the geographical area.

“In-district and/or local trips” must be submitted to the Campus Principal for approval. Campuses will use the field trip proposal form and the bus requisition form or other travel forms for the approval process for any field trips. The trip proposal format must contain the following:

- A. Campus adopted proposal
- B. A plan for medical emergencies
- C. Medical health conditions for each student
- D. Bus requisition form

Trips that are out-of-state, out-of-country, and/or overnight or to any area where student safety is in question must be submitted in proposal format, which must contain, but not be limited to the following:

- A. A clearly defined instructional purpose for the trip.
- B. A defined student/chaperone supervision ration sufficient to meet reasonable safety requirements.
- C. A full accounting of the cost of the activity to be managed out of the local campus budget or activity fund.
- D. Documented pre-approved travel and transportation.
- E. A plan for medical emergencies.
- F. An explanation of any activity that may be hazardous and the safety procedures and precautions that will be taken to ensure student safety.
- G. A security plan for monitoring rooms during the night to ensure safety for participants.
- H. The request must be forwarded to the appropriate Associate Superintendent or designee who will inform the Superintendent of Schools [Insert Contact Info]

Teacher sponsor responsibilities for out-of-state, out-of-country, and/or overnight are as follows:

- A. Secure all approvals and notices prior to committing the District and collecting/raising funds. The school principal will forward the written request to the Associate Superintendent or designee for approval for in state trips. Trips out of state will be forwarded on to the Associate Superintendent to obtain approval from the Superintendent. Trips out of the country also require permission of the Board of Trustees.
- B. Provide appropriate adult supervision. The ratio of students to chaperone will be determined by Campus Principal.
- C. Inform chaperones, in writing, and prior to the trip, of their full responsibilities while on the trip, including any special instructions, necessary for a successful trip.
- D. Secure parent/guardian permission (Parent/Guardian Approval Form) in writing and retain in the possession of the sponsor. Sponsors and students may be required to complete other forms if the trip is being sponsored by an organization.
- E. The sponsor must be aware of students on prescribed medication while on the trip. The sponsor must have signed copy of the student’s Physician/Parent Request for Administration of Medicine or Special Procedures by School Personnel, a copy of which may be obtained from the school nurse.
 - Know what to do in the event of an accident or illness while on a trip. The teacher sponsor should:
 - Plan, with the school nurse, what to do in case of an accident or illness before leaving for the trip.

- Render first aid for minor injuries, such as minor scrapes and cuts.
- Call the local police department/emergency medical service for more serious injuries. If the emergency medical service transports the student to the hospital, the sponsor or his/her adult designee must accompany the student and remain with the student until the Parent/Guardian arrives.
- Notify the Principal and the Parent/Guardian.
- Not assume hospital costs. This is the responsibility of the Parent/Guardian.
- Upon return, make a report of the accident to the Principal who will provide a copy to the school nurse and the Associate Superintendent.

G. Frequently count the number of students, such as when the group arrives and departs from each activity. Implement a buddy system for use throughout the entire trip.

The following timeline will be followed when planning for field trips:

- **Day trips**-all required information must be submitted to the Campus Principal at least **two weeks** prior to the planned activity. Trips out of the City of Midland or trips paid from district level accounts should be forwarded on to the appropriate director or Associate Superintendent.
- **Intrastate** field trips (overnight trips)-**four weeks** (Principal→ Associate Superintendent)
- **Out of state** field trips (overnight trips)- **eight weeks prior to fundraising** (Principal →Associate Superintendent → Superintendent)
- **Out-of-country** field trips (overnight trips) - **eight weeks prior to fundraising** (Principal → Associate Superintendent → Superintendent →Board of Trustees). For each trip, the parent/guardian will be notified of the purpose of the trip and will complete the Parent/Guardian Approval Form, which will be returned to the school prior to the event.

Parent permission is required as follows:

- A. For each trip, a permission form (Parent/Guardian Approval for Student Participation) is necessary. Teams or troupes which submit identical travel requests such as a sports team may collect one permission form with the schedule attached.
- B. The Parent/Guardian Approval for Student Participation form should include the following information:
- Purpose(s) of the trip
 - Place(s) to be visited
 - Means of transportation
 - Date
 - Time of departure and return
 - Parent or guardian signature

Upon request of the Principal, additional information may be provided to Parent/Guardian in writing for trips such as:

- The name of the teachers who will supervise the trip
- Responsibility of the students
- Cost, if any, to the student
- Special arrangements, if any
- Itinerary

Chaperones must be District employees or volunteers that are approved in advance of the trip.

Chaperones must adhere to established basic guidelines for District-sponsored functions and additional guidelines as may be developed by the individual school. Chaperones are responsible for attending any designated information or procedural meeting prior to and during the field trip as required by the school principal, sponsor, or designee.

The primary reason for the chaperones is to supervise a group of students. Chaperones are responsible for students and are expected to stay with their assigned group and monitor their behavior for the entire field trip from departure time until they return to school.

Chaperones must sign a form acknowledging their responsibilities as chaperones and must not be allowed to smoke or use tobacco products of any type while supervising or in a position of influence over students, consume alcoholic beverages or illegal drugs, or to be involved in any illegal or immoral activity during the trip.

The ratio of students to chaperones will be determined by the campus administrator using these guidelines:

- Elementary 6:1
- Junior High 10:1
- High School 20:1 “Day Trip” and 10:1 “Overnight Trip”

Discretionary Distinguished

“Discretionary” is:

Drill team to New York, 7th grade science class to Petroleum Museum, HS basketball to Tournament in Amarillo, Elementary to NASA, etc...

“Discretionary” is not:

Drill team to football game, 7th grade to Bob Bullock Museum (when set up by district), HS basketball to district game, etc.

Athletic, academic, and UIL related tournament events **do not** require the submission of a Field Trip Request Form. However, the Teacher, Sponsor, or Coach is responsible for coordinating all plans and arrangements and compiling all necessary information pertaining to the trip for presentation to the Principal or other appropriate administrator, as required by the type of tournament event.

Teacher Sponsor Responsibilities for Trip

Teacher sponsor responsibilities are as follows:

Student Travel Guidelines

A trip may require a lower student to adult ratio than the below recommended ratios at the discretion of the campus principal: however, if the student to adult ratio is to be higher than the recommended ratio, the appropriate Associate Superintendent must approve the student to adult ratio for each trip.

A Campus or District Level "Administrator"

Unless approved otherwise by the appropriate Associate Superintendent, a campus or district level "Administrator" is required on all:

- "Overnight" trips where 45 or more students are attending, or
- "Out of State" trips.
- "Out of Country" trips.

Further Travel Restrictions

Any exception to the following restrictions on scheduling overnight trips must be approved by the Superintendent's designee prior to engaging in any planning activities for the trip.

Elementary, Intermediate and Junior high

An "Out of State" trip is not allowed without the permission of the superintendent or superintendent's designee.

High

Student groups may request discretionary “Out of State” travel yearly and “Out of Country” travel every 3 years.

All Levels

Student trip travel destinations shall not include “adult-themed” venues.

Trips Involving Water (bodies of water)

Destinations that are associated with beaches or oceans are not allowed, unless the destination is non-discretionary. If a trip is approved to a non-discretionary destination associated with beaches or oceans, swimming is not allowed.

Students may swim on trips to venues that are associated with swimming such as NRH20, Hawaiian Falls, Schlitterbahn, Life Time Fitness, etc.... if:

- there are certified lifeguards supplied by the venue or
- There is no lifeguard on duty, however the “Trip Coordinator” and/or Administrator is monitoring. The “Trip Coordinator” and/or Administrator will set any restrictions for swimming based upon the number of students, size of pool, time available, etc....

Participant Restrictions

“Day Trip” student participants are limited to those involved in the student club or organization organizing the trip.

“Overnight Trip” or “Out of State” student participants, who are not involved in the student club or organization organizing the trip, may be allowed to travel with the group based on available space and subject to approval by the campus principal. Student non-members participating in a trip organized by a club or organization must be at least 13 years of age and must be the child of an approved parent chaperone for the trip. [Example: High School Choir is traveling to New York during spring break. After all choir members and chaperones have signed-up for the trip, there is still available space. A choir member’s parent, who is approved to serve as a chaperone, also has a 14-year old child who would like to travel with the group. The parent may request approval from the principal for the 14-year old to travel with the choir. A denial by the principal is final and is not appealable.]

Trips Requiring Contracts

In addition to the “Trip Coordinator” following the approval process for Student Travel at the campus level, the “Trip Coordinator” must also comply with the provisions of all MISD Business Procedures for approval of any contracts related to Student Travel.

If students with medical considerations are traveling, the “Trip Coordinator” is to notify the nurse at least 7 days in advance of the planned trip.

Any medication that must be sent on a field trip must be in the properly labeled original container or in a properly labeled unit dosage container. The unit dosage container should contain only the required number of pills to be administered on the field trip. A registered nurse or another qualified district employee must fill the properly labeled unit dosage container from the original properly labeled container.

In the event that MISD schools are closed due to inclement weather, day trips will be canceled. Overnight trips will need Superintendent’s designee approval after consulting with the Chief of Operations for travel when schools are closed due to inclement weather.
