

## Instructions to Activate the Hotspot on the Kyocera Device

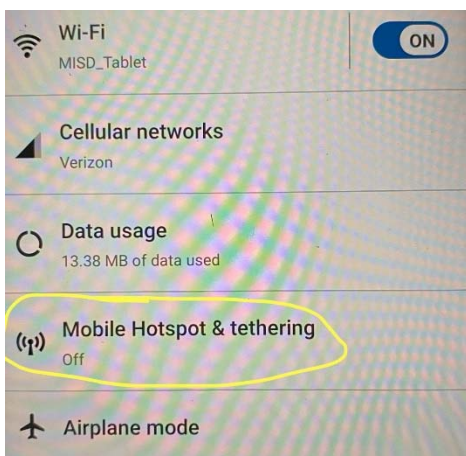

1. Turn the phone on by holding down the power button on the upper right-hand side of the phone.
2. Swipe the gray circle on the bottom to start
3. Press on the circle with six dots inside

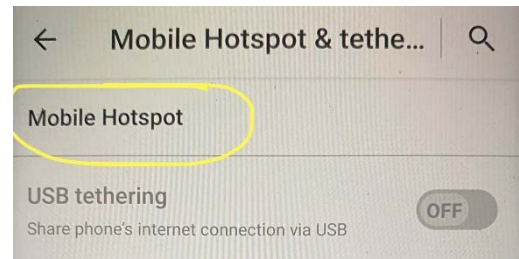

4. Go to “Settings”
5. Go to “Network & internet”

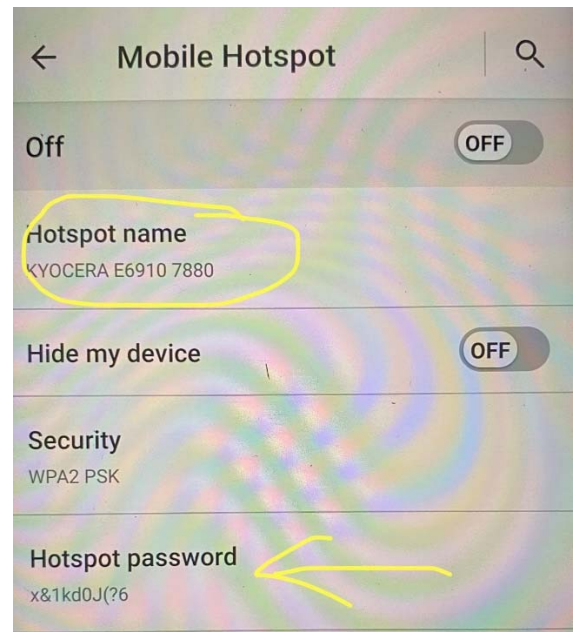

6. Go to “Mobile Hotspot & tethering”

7. Press on “Mobile Hotspot”

8. Press the “Off” button on the upper right to toggle it to “On”. The “Hotspot name” will be the network you add the device to. The Hotspot password will show as well. You can change this password by pressing on it and typing in a different password. Press OK on any menus that come up.

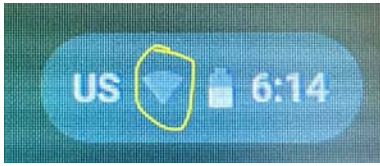

You can watch our video for these instructions using the following QR code:

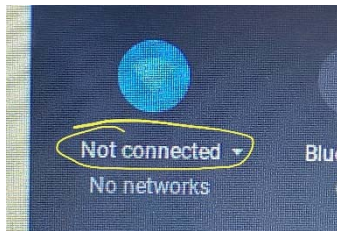

## To Connect a Chromebook to the Hotspot:

1. Turn on the Chromebook, then click on the Wi-Fi symbol on the bottom right hand corner

2. Click where it says "Not connected"

3. Choose the network name that the hotspot shows in the settings
4. Type in the password that it shows on your hotspot, and then click "Connect"

Remember we have our MISD Parent Hotline that you can call Monday through Friday from 8:00 a.m. – 12:00 p.m. and 1:00 – 5:00 p.m. if you need any assistance. The phone number is **432-240-1110.**
