Rating Action: Moody's upgrades Midland Independent School District, TX GO to Aa1 and assigns Aa1 issuer rating; outlook stable

01 Apr 2021

New York, April 01, 2021 -- Moody's Investors Service has assigned a Aa1 issuer rating to Midland Independent School District, TX. The issuer rating reflects the district's ability to repay debt and debt-like obligations without consideration of any pledge, security, or structural features. Concurrently, Moody's has upgraded the underlying rating on the district's outstanding general obligation unlimited tax (GOULT) bonds to Aa1 from Aa2. This action concludes a review for possible upgrade initiated on January 26, 2021 in conjunction with the release of the US K-12 Public School Districts Methodology. The district has \$182 million in Moody's rated debt. The outlook is stable.

RATINGS RATIONALE

The Aa1 issuer rating reflects the district's stable and healthy financial profile and its favorable demographic trends, which have resulted in robust enrollment growth and above-average resident income indices. Leverage and fixed costs are low and are expected to moderate because the district has no plans for additional borrowing in the next few years. The rating further incorporates management's conservative budgeting and multi-year planning, which offset the district's high level of economic concentration in the oil and gas sector.

The district's GOULT rating was upgraded one notch and is equivalent to the Aa1 issuer rating given a pledge of an unlimited property tax that is dedicated for debt service and levied upon all taxable property within the district.

RATING OUTLOOK

The outlook is stable. Operations will remain stable because of the district's solid financial resources and available taxing capacity, even if there is an economic slowdown and a decline in the oil and gas sector.

FACTORS THAT COULD LEAD TO AN UPGRADE OF THE RATINGS

- Demonstrated ability to manage through an extended period of lower commodity prices while simultaneously maintaining current credit metrics
- Significant diversification of the local economy

FACTORS THAT COULD LEAD TO A DOWNGRADE OF THE RATINGS

- Weakened operating performance leading to material reduction of fund balances or cash
- Significant economic contraction leading to sustained enrollment losses or assessed valuation declines
- Substantial increase in long-term liabilities, fixed costs, or erosion of capital assets

LEGAL SECURITY

The bonds are payable from a direct and continuing ad valorem tax levied by the district on all taxable property without limitation as to rate or amount.

PROFILE

Midland Independent School District is in Midland County in west central Texas, approximately 50 miles due west of the southeastern corner of New Mexico and 100 miles south of the City of Lubbock (Aa2 stable). The district is in the Permian Basin region of west Texas, which is well known for its oil and gas reserves. Current student enrollment is approximately 26,400.
