

Midland ISD's magnet schools offer programs to enhance core curricula from grades Kinder to 6th grade by enriching instruction based upon a theme or focus. MISD provides transportation from each neighborhood campus to each magnet school. Applications are available beginning April 3, 2017 at the magnet schools, online, and at the Office of Student Services which is located at 615 W. Missouri Ave Ste. 403. The deadline to submit applications for admission in 2017-2018 is May 5, 2017. Students will be offered admission based upon an electronic lottery which is scheduled for May 19, 2017. Parents will be notified about the results of the lottery after June 2, 2017. Contact principals at magnet schools for more specific information. All campuses offer extended day activities for some grade levels. Introductions to campus enrichment programs, schedules for campus visits, and contact information are displayed below.

James Bowie Fine Arts Academy
805 Elk, 432-240-6100

Bowie's magnet focus is fine arts and performing arts. Students' art experiences include piano, choir, fine arts, theatre arts, and dance. Instruction in stringed instruments and participation in band begins in grade 4.

Elisha M. Pease Communications and Technology Academy
1700 East Magnolia, 432-240-7700

Pease provides students opportunities to expand knowledge and increase skills in the areas of computer technology, communication, and video production. Also, students receive instruction in Spanish. Bilingual education will be offered in grades Kindergarten through 5th grade.

Washington Math & Science Institute (WMSI)
1800 East Wall Street, 432-240-8300

WMSI integrates hands-on, inquiry-based mathematics and science instruction throughout the curricula. All students explore, investigate, and experiment in labs and in the Outdoor Learning Center. English as a Second Language education will be offered in grades Kindergarten through 6th grade.
