

## MOBILE APP

txConnect is also available as a mobile application that can be used to access student data from most mobile devices. The application displays data that is available from the txConnect Web site; however, the pages were reformatted for use in a smart phone environment. The online registration component of txConnect is also available from the mobile application.

How to Receive a Link to the txConnect Parent Portal Mobile App:

- If you have registered your cell phone number, which is done on the My Account page, the Send Link button is displayed above the Campus Notes, see screen shot below. Click Send Link to receive a text message that contains a link to the txConnect login page for your student's campus.

**The Parent Portal Mobile site is available!**

From your smartphone or mobile device, please visit our mobile site at:  
<https://itccsgb.esc20.net/PAMDMOB/Login.aspx>

Click Here to receive a link on your cell phone.

- If you have not yet registered your cell phone number, the Send Link button is replaced with a message indicating that you must first register your number from the My Account page, see screen shot below.

**The Parent Portal Mobile site is available!**

From your smartphone or mobile device, please visit our mobile site at:  
<https://itccsgb.esc20.net/PAMDMOB/Login.aspx>

We can send a link to your cell phone. But first, go to [My Account](#) and register your cell phone number.

- This Overview and Orientation video provides step-by-step instructions for using the txConnect mobile app, including getting started, logging in, navigation, adding students, viewing student data, setting alerts, and reading alert messages.

[An eight-minute video tutorial on the txConnect mobile app is available here:](#)
