

Public Forum

The Midland ISD Facility Master Planning Committee invites the Midland community to attend a public forum to gather and discuss future educational facility needs for our community. Midland continues to grow and prosper and with this population growth, Midland ISD schools have experienced similar student growth within the school district. In the near future, Midland ISD anticipates the need to build new educational facilities to support future enrollment and we value your opinion concerning these facilities.

Please join the committee at this educational public forum to share your thoughts concerning future educational facility planning needs for Midland ISD. Your attendance and active participation in this event will be greatly appreciated.

Date: Thursday, May 10, 2018

Location: Yarbrough Elementary School, 6000 Riverfront Dr.

Time: 6:00 pm – 7:30 pm

Please feel free to contact James Rigger, MISD Chief Operations Officer at (432) 240-1007 with any comments or questions concerning this information.

Mission: All students will graduate prepared and ready for college or career.
